*Answers to most local issues are too complex to fit on a bumper sticker or in a soundbite. They require detail and context. I have provided detailed information on the **Facts vs. Fiction** page at [www.votecharlieluke.com](http://www.votecharlieluke.com).*

**There are facts about:**

- The Inland Port
- My professional career as the Executive Director of the Utah Association of Community Services – an association of providers of day and residential services for Utahn’s with intellectual/developmental disabilities.
- The successful collaboration between members of the City Council.
- Campaign finance issues
- Ranked Choice Voting

Please visit [www.votecharlieluke.com](http://www.votecharlieluke.com) to learn the facts instead of falling for Bumper Sticker Politics.
